WELCOME NEW YEAR HERE WITH PLENTY OF FUN

No Tragedies Mar Festive Day in Kankakee

FEW ARRESTED

(Picture on Page 8)

Kankakeeans ushered in the 1938 New Year boisterously but within the limits of the law, in nearly all instances. Most of the city police were on duty but were inclined to be rather tolerant of the genius homo sapiens, brimful of cheer.

Several accidents were reported during the double holiday but in none was anyone critically hurt. One man died in the street at Momenca from a heart attack.

On Page 8 will be found a picture of the first baby to arrive at St. Mary hospital—at 11:30 a. m. Sunday. A six-pound six-ounce daughter of Mr. and Mrs. Earle LaMontagne of 272 South Greenwood avenue, the little one has not yet been named. (They were expecting a boy.) The mother is the former Lois Denton.

The most popular telephone number of the year undoubtedly will be that of Herbert Crowley, 571 South Fifth avenue, who has No. 1938.

First fire of the New Year was that caused at 10:40 p. m. Saturday by a backfire in the auto of Peter Wagner, parked in front of the LaPayette hotel. Pete thinks maybe the vehicle was celebrating, too. Only damage was a scorched hood.

Firemen received one other call over the holiday. This was at 7:51 a. m. Sunday when another auto was noticed on fire by Joe Ernest, passing motorist. In front of the Hotel Kankakee. He summoned firemen who broke a window in the locked auto, bearing a dealer's license issued to the local Chevrolet agency, to extinguish a blaze started by a cigarette tossed on a cushion.

First Speeder
William Pepin of Mendota became the first speeder arrested in 1938. Officer Orval Finch brought him in for racing up Washington avenue and Justice Henry R. Bauer fined.

Kankakeeans Hurt in Peotone Crash

Three persons suffered only minor or hurts when their auto was struck by another vehicle at the curve in highway 49 at the south edge of Peotone on Sunday afternoon.

Claude Carter of 225 East Merchant street was driving north on the highway and Dorothy Hutton and the latter's father, B. C. Hutton were riding with him. The other vehicle, approaching from the opposite direction, failed to make the curve and plowed into Carter's car.

A milk wagon belonging to the Kankakee Pure Milk company was overturned when struck from the rear early New Year's morning by an auto driven by James Reilly of 230 North Dearborn avenue. The accident happened at 12:50 Cobb boulevard. No one was injured. The milk driver was Fred Ramien, 942 South Sixth avenue.

At 3:30 a. m. on Jan. 1, autos of Ed Massey, 1075 East Duvalin street and Edgar Duvalin, 389 South Poplar avenue, collided at Court and Indiana avenues. Yesterday afternoon, vehicle operated by Frank Lewis, 227 North Sixth avenue and A. Clement of route 2, St. Anne were involved in a minor crash at Fifth and Station streets.

House Sub-Committee Agrees On Taxes For Corporations

Washington, Jan. 3.—(AP)—A house tax sub-committee agreed tentatively today to place on corporations with incomes of \$25,000, or less, tax rates of 12 1/2 per cent on the first \$5,000 of income, 14 per cent on the next \$15,000 and 16 per cent on the remaining \$5,000.

Chairman Vinson (D-Ky) said members had decided also that those rates should apply to all corporations in that income category, including those in bankruptcy or receivership and insolvent firms.

Missing

A nation-wide search has been instituted for Merle Austin, 17, above, of Emington, Ill., who mysteriously disappeared from the University of Iowa campus Armistice day. Unable to suggest any cause, his parents believe him the victim of amnesia. The youth is five feet eight inches tall, weighs 130 pounds and has wavy brown hair and blue eyes.

SUPREME COURT DECIDES POWER LOANS ARE O. K.

Ruling Affects Construction of Many Big Projects

Washington, Jan. 3.—(AP)—The supreme court ruled today the government could make loans and grants for publicly-owned electric plants.

Secretary Ickes, the public works administrator, said the decision would affect construction of 52 power projects costing \$84,028,288 for which his agency had allotted \$30,191,944 as loans to be repaid and \$21,674,408 as federal grants.

Constitutionality of the government's activity was challenged by the Alabama Power company and the Duke Power company. They sought to enjoin federal financing of projects in four Alabama municipalities and at Buzzard Roost in Greenwood County, S. C.

Justice Sutherland delivered the opinion of the court. He dealt with the cases brought by the Alabama Power company.

The justice announced no dissent and said that Justice Black concurred in the result.

The court affirmed a decree by the circuit court holding that private power companies had no right to challenge the action of the government in making proposed loans.

Awards Daughter \$5; Carrier Will

The will of Mrs. Amanda E. Carrier, who died recently at her home in Essex, was filed for probate today.

Drawn last Dec. 22, the will gives \$5 to a daughter Mrs. Chelsea Warren and the remainder of the estate goes to Clyde Joseph White of Chicago, whose relationship is not stated in the will. He also is named executor.

treatment as under present law, he asserted, would be taxed like other corporations.

Previously the sub-committee had approved tentatively, for \$25,000 corporations, rates of 12 1/2 per cent on the first \$5,000 of earnings and 14 per cent on all between \$5,000 and \$25,000.

The proposed revision of the present undistributed profits tax, Vinson said, will contain a provision for a one-year carry-over of operating losses which corporations could use as a credit against their undistributed profits. In determining operating loss, he said, tax exempt interest would be included in gross income.

MOTORIST RUNS OVER DEAD MAN NEW YEAR'S DAY

Inquest Jury Finds Victim Died of Heart Failure

BODY IN STREET

A jury impaneled yesterday by Coroner A. E. Kerger decided that the sudden death early New Year's day of Raymond Keeler, 43, Momenca laborer, was due to heart failure.

However, after he collapsed on the Dixie highway in Momenca near the grade school building, his body was run over by an automobile.

About 2:50 o'clock Saturday morning the car of John Muladay of Momenca ran over the body, the driver not having seen it in time. He stopped immediately, however, and with the aid of James Reynolds of Momenca, who was driving behind him, took the body to the office of a physician.

Dead Over Hour
Dr. Charles H. Ruch determined that Keeler had been dead about an hour, also that the bruises caused by the automobile had been inflicted after death.

At the inquest yesterday, conducted by Coroner Kerger at the Canaday funeral home, testimony was given that Keeler had suffered previous heart attacks.

Funeral Tuesday
Funeral services will be conducted at 9 o'clock Tuesday morning at St. Patrick church of Momenca by the Rev. T. U. Demarais, the pastor, followed by burial in the church cemetery.

Friends will gather at the Canaday home this evening at 8 o'clock for recitation of the rosary.

Keeler's only near relative is an aunt, Mrs. Margaret Keeler of Momenca.

Kerosene Heating Stove Blast Kills 2 Sleeping Babies

St. Joseph, Mo., Jan. 3.—(AP)—Explosion of a kerosene heating stove killed two sleeping babies in their trailer home here yesterday while their parents were visiting friends only 10 feet away.

Edwina Dee Toothman, 20 months old, and her brother, Claude Perry Toothman, 6 months, children and Mr. and Mrs. Leonard Toothman, died of burns in a hospital after their father carried them from their blazing bed.

Their mother had put them to sleep and joined her husband at the neighbors' home. Toothman built the trailer to house his family.

Division among the heirs of property in Essex township formerly owned by William Stalker, formerly of near Essex, who died in 1932, is asked in a suit filed for the circuit court today by Attorney Anker C. Jensen.

The suit is by Alexander Stalker, one of the heirs, and the defendants are the following children and grandchildren—William, Henry, James, John, Robert, Robert, George and Daniel Stalker, Ellen Oroyd, Mary Cogwin, Myrtle Stickel and Mildred Orsall. Elezio Ferrarri, tenant on the property, also is named a defendant.

Thieves Take Auto of Bruno Bruniga

Watseka, Jan. 3.—(RN Special)—Thieves who took the auto of Bruno Bruniga of Watseka while he spent New Year's eve at "The Nest," a tavern located two miles south of Troquois on highway 116, proceeded only a short distance before wrecking the auto on the curve at the north edge of Sheldon.

Sheriff Phil Brown said teeth marks were discovered in the steering wheel.

On New Year's morning, the sheriff reported finding in front of Bruniga's house a car stolen from Mildred MacLeod of Chicago the evening before.

Children May Be Barred At The Hospital

Officials of St. Mary hospital are reported as being in favor of barring children under 15 years of age from visiting maternity wards of hospitals, as recommended in letters sent today to infirmaries heads throughout Illinois by the state division of child welfare.

Miss Edna Zimmerman, superintendent of the division, said the purpose of the recommendation is to prevent bringing in contagious diseases. Children, she said, are more likely to be carriers of such diseases than adults.

She added, however, that the recommendations are not a result of the virulent diarrhea disease which took the lives of 14 babies in St. Elizabeth hospital, Chicago, but are merely for protection.

Watsela Bandit is at Large Again

Watseka, Jan. 3.—(RN Special)—Herman Shafer, 18, youthful bandit who was said to have admitted that he "pulled" the robbery at the Mackemer-Broom lumber yard here when he was captured by Terre Haute police three weeks ago, turned up in Danville again last night.

Shafer broke jail shortly after his arrest. He was being taken from Terre Haute to Newport, Ind., to stand trial on a burglary charge and was locked up in the Covington, Ind., jail for the night. He escaped to Vincennes and stole a new car there, driving to Danville and attempting a burglary of a gun shop in the latter city last night, but was frightened away, it was said. At last report, he was still at large.

No Confidence in the New Government of Egyptian Monarch

Cairo, Jan. 3.—(AP)—The Egyptian chamber of deputies today voted non-confidence in the new government set up by King Farouk after a noisy rebellion in which police were ordered to oust the deputies but refused.

The vote was 180 to 17 but Drahmed Maher, president of the chamber, declared the session illegal.

At the same time the senate quietly voted its non-confidence, 83 to 4.

Steel-helmeted police cleared the galleries after Maher was shouted down when he attempted to read a decree to suspend the session for a month.

Elections to gain support for the new premier, appointed by 18-year-old Farouk last week, were to have been held in the interim.

Lights were extinguished and the tumultuous session continued in complete darkness under Vice-President Abdel Hadi while Maher stood at his side, vainly ordering the deputies to leave.

Police were ordered to evacuate the deputies, some of whom, armed with heavy sticks, barred entrances to the chamber.

The vote on non-confidence was carried out in the noisy darkness with Maher repeatedly shouting that the proceedings were illegal.

After voting, the deputies trooped from the parliament building through lanes of hundreds of police, mounted and afoot.

The recalcitrant deputies went voluntarily to a nearby Wafdist (Nationalist) party club after police refused to force their exodus.

Mustapha Nahas Pasha, the premier ousted by the "boy king," declared the vote clearly showed the new government, headed by Mohamed Mahmoud, did not have the confidence of the nation and should resign.

Nahas, leader of the Wafdist which control parliament, contended that the decree of adjournment actually had not been read because of the disorder.

Nahas said he considered the session still unadjourned.

The trouble started when the ousted premier tried to address the deputies and Maher, the presiding officer, refused permission.

Mrs. Inglesh Falls Out of Car; Injured

Mrs. Mae Inglesh, wife of Col. A. E. Inglesh, 856 South Chicago avenue, suffered a broken right wrist, a painful but not serious head wound and bruises in an automobile accident Saturday north of Peotone.

Col. and Mrs. Inglesh and daughter Jacqueline were returning from Chicago when the door of the car on Mrs. Inglesh's side began to rattle. It was not fully closed, and she attempted to slam it shut more firmly.

As she opened the door in order to do so, the wind caught the door and jerked her out of the car upon the pavement. Fortunately the car was not traveling fast and Colonel Inglesh brought it to a stop immediately.

He brought her to St. Mary hospital and the fracture was set and other attention given. Today, although she was in considerable pain, she was reported in good condition.

The arrest was by Deputy Sheriff Jesse Burton and Clint Craig. Reynolds was to be arraigned today or tomorrow before Circuit Judge W. R. Hunter.

JOINT SESSION OF LAWMAKERS OPENS AT NOON

Hope for Short But Productive Meeting of Congress

Washington, Jan. 3.—(AP)—President Roosevelt personally carried his annual message to Capitol Hill today to present it to a joint session of the house and senate members whose leaders voiced optimistic predictions of a comparatively short, productive session.

Despite extraordinary interest created by speculation over what Mr. Roosevelt would have to say about his policies with regard to business, there were several evidences of determination on the part of leaders to get down to work quickly.

Democratic Leader Barkley of the senate said prospects for enactment of Mr. Roosevelt's program were "bright." He predicted the senate would dispose of the controversial anti-lynching bill in a week. It is ticketed for consideration January 6.

Barkley, Vice-President Garner, Speaker Bankhead and House Leader Rayburn called at the White House before noon to go over his message with Mr. Roosevelt.

He was brought before Judge Herman Meyer and fined \$10 and costs.

Seek Habeas Corpus Writ to Free Woman From Hospital

A suit asking the release of Mrs. Delcina Normandin, formerly of 503 South East avenue, from Kankakee state hospital where she has been incarcerated for nearly a year, was filed today in the office of Circuit Clerk Albert Tetrault.

The suit, which is a petition for a writ of habeas corpus, is filed in Mrs. Normandin's behalf by her husband Alva, who is represented by Attorney Luther B. Bratton.

The petition states that Mrs. Normandin, when she appeared recently before a meeting of the hospital staff, was told that she has recovered sufficiently to be discharged.

Denied Once
The suit probably will be heard by Circuit Judge Claude H. Baum of Waukegan who at the conclusion of a recent hearing, refused to order Mrs. Normandin's release. Since Judge Baum will be holding court in Joliet for several weeks, the case may not come up for hearing for some time.

NEW CONGRESS GETS MESSAGE OF PRESIDENT

Calls Upon Capital and Labor to Co-operate

MUST CARRY ON

Washington, Jan. 3.—(AP)—President Roosevelt told congress today that "misuse of the powers of capital" must be ended or the capitalistic system will destroy itself through its own abuses.

At the same time he called upon both capital and labor to cooperate with the government in working out the welfare of the nation. Both groups, he said, should realize that "power and responsibility go hand in hand."

"Chiefly because of the need of national unity in ending mistakes of the past and meeting the necessities of today, we must carry on," Mr. Roosevelt said. "I do not propose to let the people down. I am sure the congress of the United States will not let the people down."

In the message which he delivered to a joint session of the house and senate the President disclosed that a balanced budget is out of the picture for the next fiscal year. He said, however, that his budget estimates would show a "further decrease in the deficit."

Peace Through Agreements
For international affairs the President projected a policy of peace "in a world where stable civilization is actually threatened." But he declared that in this day of unending treaty obligations "on the part of others" this nation must be "adequately strong in self-defense."

"World peace through international agreements," Mr. Roosevelt said, "is more safe in the hands of democratic representative governments—or, in other words, peace is most greatly jeopardized in and by those nations where democracy has been discarded, or has never developed."

The message, one of the longest of the administration, totaling about 4,000 words, covered the whole field of major legislation for this session as well as business policies and international affairs.

Principally Mr. Roosevelt asked for revival of the wage and hour bill, which was shelved by the house during the special session; enactment of the government reorganization bill; final action of the "all-weather" farm bill now pending before a joint house-senate committee; continuation of the "none-shall-starve" relief policy; maintenance of necessary government functions unimpeded; expansion of purchasing power to a point at which taxes will produce adequate government revenue; modification of taxes without reduction of income.

Business Reforms Urged
Radio chains spread the message across the nation and transcriptions and translations were made for rebroadcasting over the world.

While he urged the adoption of many business reforms Mr. Roosevelt said there were specific limits to the extent government could go in effecting them. He stressed the necessity of cooperation between capital, labor and government.

West Returns to Power in Rose Bowl

WHITE STEALS GRIDIRON SHOW OF NEW YEAR'S

By the Associated Press
The west's return to power in the Rose Bowl, Whizzer White's sensational move of all-around skill in the Cotton Bowl, Rice's presentation of a crop of sensational sophomores and banner crowds at Pasadena and New Orleans were the outstanding features of 1938's bowl engagements.

California's methodical moving down of Alabama undoubtedly has launched the waning prestige of coast football in intercollegiate combat. Not since 1933 when Southern California slaughtered Pittsburgh, had a western team won by two touchdowns.

Granted the Crimson Tide was not up to the team of the John F. Kennedy, but the Golden Bears turned in a workmanlike job, at least in the eyes of the regular season. The California line outcharged and outmaneuvered its opponent and the backs did a notable job of blocking with Vic Bortari running unimpeded to two touchdowns.

Aerial Defense Clunked
The surprise from the California side was the Bears' work against the Alabama aerials. The "Bananas" in James Clark, dashing forward, who probably will attend the University of Illinois next fall, is a former member of the University of Illinois wrestling team.

New York, Jan. 3.—(AP)—That Hank Laubert must do it with mirrors. No one could be as good as the Stanford sharpshooter. According to all books, just a point against Thurgood Saturday is an all-time record. As one expert said, "He may not be the greatest basketball player ever. But name a greater." Don Padgett, National League's top-lifting outside basketball player for 37, is being groomed to handle the catching for the Cardinals tonight.

REBELS REGAIN GROUND IN THE TERUEL SECTOR

Strategic Town of Villastar Taken By Insurgents
REPORTS DIFFER

Hendaye, Franco-Spanish Frontier, Jan. 3.—(AP)—Fighting fiercely in knee-deep snow, insurgent troops today reported taking the strategically important town of Villastar in a swift right-flank action on the Teruel battle front.

Government reinforcements which were rushed to Villastar, five miles west of Teruel, were powerless to halt the insurgent attack, a Salamanca communique said.

It was extremely difficult to learn the exact situation around Teruel, due to sharply conflicting reports issued by the opposing forces. The government flatly contradicted insurgent claims, saying all attacks launched by General Francisco Franco's insurgent forces were repulsed.

Despite this variance of reports, however, it was known that all or part of Teruel had been recaptured by the insurgents in their counter-offensive, launched after the city was taken by government forces in a surprise attack two weeks ago.

The action around Teruel has developed into one of the biggest battles of the Spanish civil war and, with close to 200,000 troops engaged, its outcome may have decisive effect on the final result of the bloody, 17-month-old conflict.

The insurgents said they were consolidating their positions in southern sections of Teruel after recapturing this highly important city at the southernmost tip of the Aragon front.

Associated Press War Correspondent Dies from Wounds

Zaragoza, Spain, Jan. 3.—(AP)—Edward J. Neil, Jr., Associated Press war correspondent with the Spanish insurgent armies, died yesterday of shrapnel wounds he suffered Friday while reporting the insurgent counter-offensive on the Teruel front.

The 37-year-old, white-haired war correspondent failed to rally after blood transfusions administered at the Red Cross hospital here, 100 miles north of Teruel.

He was the third to die of wounds caused when a 75-millimeter shell struck an automobile in which four correspondents were seated at the village of Cauda, five miles from Teruel.

Bradish Johnson, Harvard graduate and correspondent of the magazines "Spur" and "News Week," was killed outright. E. R. B. Sheepshanks of Reuters (British news agency), also brought to Zaragoza, died Friday night. Harry Philby of the Times of London was injured slightly.

For a time Sunday Neil had seemed out of danger. He had been given one blood transfusion at Cauda before being brought to the hospital here. Other transfusions, including one from a Catholic priest who was with the newspaper man when he died.

The correspondent, who earlier in his career became known to millions of sports fans for his vivid accounts of sports events, had covered the Ethiopian war and, since May, Spanish insurgent battlefronts.

Neil is survived by his widow, the former Helen Nolan, and a five-year-old son, Edward J. Neil, III, living in New York.

Survey Shows Many Jobless in America

Washington, Jan. 3.—(AP)—Administration leaders surveyed the unemployment problem anew today in the light of census figures that showed between 7,822,912 and 10,870,000 Americans were out of work in November.

John D. Biggers, Ohio glass manufacturer who supervised a voluntary registration of the unemployed, said the number out of work had increased since the count was made.

The Biggers census and surveys made by the Works Progress administration and other agencies will form the basis of decisions on the future of federal relief.

Biggers said 7,822,912 persons, returning cards distributed by postmen, signified they were out of work and wanted employment. A house-to-house canvass of certain "test" areas showed this report to be 72 per cent complete, and thus the higher figure of 10,870,000 persons actually unemployed was projected.

State totals showed, in general, that unemployment was less in the middle-west than elsewhere.

Although census officials did not attempt an immediate analysis of the figures, one said informally that occurrence of larger numbers of jobless in the south was affected by a large percentage of unemployment among Negroes.
